TYPOGRAPHY

Brand Fonts

Antonio is our brand font for headlines; its all-uppercase style is suitable for bold headlines and large-scale messaging. Antonio is available for download at fonts.google.com.

Palanquin is our brand font for body copy; its design is optimized for legibility. Palanquin is available for download at fonts.google.com.

Alternate Brand Font

In languages where Antonio and Palanquin are not available, use Noto as an alternative font. Noto is also available for download at fonts.google.com.

Default Font

When the primary and alternative brand fonts are not available, Arial may be used as a default system font. Arial is available on most operating systems and supported by all major web browsers.

Special Use Font

For events and collateral where a more sophisticated style is required (e.g., a fundraising gala), use Monte Carlo Script. Monte Carlo Script is also available for download at fonts.google.com.
